

# Albuquerque Freethinkers Group

## Secular Twelve-Step Recovery

*We are an AA group dedicated to supporting alcoholics who have found it difficult to build a program of recovery on a foundation of traditional religious or spiritual beliefs.*

*We welcome people of any, all, or no faith, and out of respect for all our meetings do not include open prayers. Simply put, we do not ask anybody to believe in anything except that **recovery is possible**.*

*Anybody with a desire to stop drinking is welcome to join us as we seek a life free of alcohol and addiction.*
